2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences.

College provides an effective platform for students to develop the latest skills, knowledge, attitude, values to shape their behavior in the correct manner. All departments conduct innovative programs which stimulate the creative ability of students and provide them a platform to nurture their problem-solving skills and ensure participative learning. Students are motivated to participate in inter-college as well as national level Seminars. The institute focuses on the student-centric methods of enhancing the learning skills of students. Faculty members make efforts in making the learning activity more interactive by adopting student-centric methods. But due to Covid 19 such activities do not proceed.
